SUMMARY

I am currently pursuing a Bachelor of Science in Computer Science and Information Technology (BSC. CSIT). I have knowledge of HTML, CSS, JavaScript, and React, as well as experience with WordPress. I have completed several projects related to responsiveness, using JavaScript and React. Additionally, I am interested in UI/UX design, including wireframing and prototyping. I have studied various case studies and possess knowledge of UX design frameworks, design sprints, biases, empathy maps, personas, ideation, user pain points, storyboarding, wireframing, sketches, and digital low and high-fidelity prototypes.
